

or

My name is Virginia Irene Juneau,

I am requesting a patent on the Idea of creating spiritual statues. My idea consists of mixing cremated remains, human and or animals with bronze medal or concrete for the purpose of forming a statue.

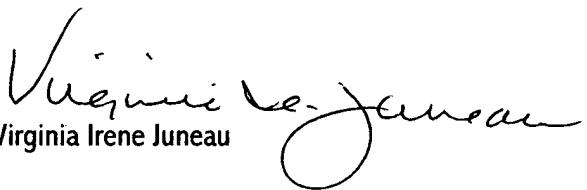

This idea will give people another choose in what to do with the cremated remains of there loved ones be it human or animal.

Enclosed you will find a photo, this is just and example, there will be in the future several other statues forms to choose from, and a check in the amount of \$375.00 to start the patent.

Please call me as soon as the search is complete, so we may get started , I intend to get the company started and already have investors ready to get started, patent pending.

Sincerely,

Virginia Irene Juneau
